To ensure that MAICYA would meet the needs of its users, the editors of the First Edition compiled the initial author list using the responses to a survey that was mailed to 1500 school and public libraries. This list was then submitted for review to an advisory board of librarians who specialize in children’s and young adult services, and finalized with their suggestions. For the Supplement, a supplementary list of authors was submitted to a similar advisory board. The editors of the Second Edition of MAICYA, which includes all of the content of the First Edition and the Supplement, built upon the work of the past advisors and compiled an updated list of candidates who have earned increased recognition since the publication of the prior editions. This list was reviewed by a new advisory board of librarians, educators, and children’s literature professionals, and finalized with their suggestions. The five-member advisory board includes the following individuals, whom the editors wish to thank for sharing their expertise:

- **Eva M. Davis**, Teen Services Librarian, Plymouth District Library, Plymouth, Michigan

- **Joan B. Eisenberg**, Lower School Librarian, Milton Academy, Milton, Massachusetts

- **Francisca Goldsmith**, Teen Services Librarian, Berkeley Public Library, Berkeley, California

- **Monica F. Irlbacher**, Young Adult Librarian, Middletown Thrall Library, Middletown, New York

- **Caryn Sipos**, Community Librarian, Three Creeks Community Library, Vancouver, Washington
