

Information access that's all that —
and then some

*A multisource general reference solution
for secondary school students*

INFOTRAC® STUDENT EDITION

Designed for secondary school students, *InfoTrac Student Edition* is the quick and easy way for students to do classroom assignments and get the answers they need to general reference questions. *Student Edition* is comprised of a variety of full-text sources that include the leading magazines, newspapers and reference books that school librarians prefer, curriculum demands and students enjoy. And, with unlimited building access and remote access, students can find the information they need whether they're in the classroom, the library, or working from home.

Features that provide comprehensive coverage

Student Edition covers topics students most often research at school libraries — from history and current events to sports, politics and the environment. This multisource resource offers 470+ indexed and 410+ full-text titles; more than 3 million articles; 14 full-text reference books; 500 historical images and more than 300 maps.

Students will discover more richly integrated sources than any competing database, including:

- ◆ Asimov's Chronology of Science & Discovery
- ◆ *The Columbia Encyclopedia*
- ◆ Encyclopedia of American Facts and Dates
- ◆ Merriam-Webster's® Biographical Dictionary
- ◆ Merriam-Webster's® Collegiate Dictionary
- ◆ Merriam-Webster's® Dictionary of Quotations
- ◆ Newspaper articles from nine newswires, including Knight-Ridder/Tribune News Service, United Press International and U.S. Newswire
- ◆ The Reader's Companion to American History
- ◆ World Almanac and Book of Facts
- ◆ And so much more

Exceptional search options

Available in your choice of a K-12 or *InfoTrac® Web* interface, *InfoTrac Student Edition* databases are built with the highest quality indexing standards. Logical search paths and context-sensitive help screens assure students that the information they retrieve is information they can use.

And, while searching for information is easy, students can sometimes become frustrated when they try to put it all together. Enter the *Student Edition* Tool Box. Available in the K-12 interface, the tools can be accessed at any point in the research process by simply clicking the tool box button at the top of the page. Topics include: how to judge information, how to choose a topic, how to make an outline, how to cite a source, how to organize a report, how to write a conclusion, how to write a thesis statement and how to footnote.

Expand your students' world view with *Custom Newspapers*

Consider *InfoTrac® Custom Newspapers*, a full-text electronic resource available as an add-on module, to enhance your *InfoTrac® Student Edition* purchase. Featuring more than 100 national and international newspapers, *InfoTrac Custom Newspapers* lets you choose two or more titles then customize your database features, including database name, screen layout, search parameters and result displays. Each search will retrieve relevant results from each newspaper based on titles within your library's *Custom Newspapers* database.

Coverage expands monthly, so please visit our Web site at www.gale.com/CustomNews/explore.htm for a complete list of available newspapers.
