early 90 percent of American businesses are considered “small.” This invaluable resource is designed especially for those information-hungry business-owners, and entrepreneurs driving the U.S. economy forward. The 2-vol. set covers 505 topics with practical advice for starting and managing small businesses — those with less than $1 million in annual sales.

A readable "how to" reference, Encyclopedia of Small Business allows business owners to access up-to-date topics, all in one place. Arranged in an A-to-Z format, the Encyclopedia offers the "latest and greatest" and most savvy advice — whether a small business owner harks from the halls of the corporate world or grapples with workforce issues in a newly established business.

HELPFUL ADVICE IN TWO HANDY VOLUMES

The Encyclopedia of Small Business offers a one-stop resource for in-depth information on the following topics:

• Advertising media on the web
• Balancing career and family
• Business start-ups
• Employee compensation
• Financing
• Franchising
• Health insurance options
• Home-based businesses
• International marketing
• Internet commerce
• Minority business development
• Product development

PRESENTS WIDE-RANGING BUSINESS SOLUTIONS FOR SUCCESS

More than 500 essays are arranged alphabetically by topic in two volumes and added benefits found within the individual essays include:

• Bolded terms identify words and phrases not covered in separate entries
• “See Also” references link related topics

NEW TITLE

• "Further Reading" bibliographic citations
• Master Index with alphabetical reference to the various "departments" within the Encyclopedia

OFFERS TRICKS OF THE TRADE

Special features in the Encyclopedia of Small Business provide little-known details about programs such as the 8(a) Program. To help readers fully understand the program — which provides assistance to economically and/or socially disadvantaged business owners — the EOB features in-depth discussions about eligibility requirements, provides extensive instruction for submitting applications and offers details of proposed changes in the program. All special features are presented in a way that makes it easy for entrepreneurs to access advice that optimizes their success and profitability.

ESSAYS PROVIDE IN DEPTH, EASY-TO-UNDERSTAND DISCUSSIONS ON 505 TOPICS

CONSULTANTS & CONSULTING
ORGANIZATIONS DIRECTORY 1999

NEW edition

In an increasingly complex and sophisticated marketplace, businesses are spending more on consulting services than ever before. Consultants and Consulting Organizations Directory 1999 provides access to over 22,000 consulting firms and independent consultants throughout the United States and Canada that provide consultation for business, industry and government.

LOCATE CONSULTANTS IN ANY FIELD

To speed access, the more than 22,000 consulting firms and independent consultants listed in Consultants and Consulting Organizations Directory are arranged into subject sections covering 14 professional fields. Subject sections include:

• Architecture, construction and interior design
• Business and finance
• Computer technology, telecommunications and information services
• Education and personal development
• Environment, geology and land use
• Health, medicine and safety
• Human resource development
• Marketing and sales

THE MOST COMPLETE AND UP-TO-DATE INFORMATION

You'll find complete, up-to-date contact information, as well as full, clear and concise descriptions of each organization's activities. Each entry furnishes:

• Street addresses or P.O. boxes for headquarters and branches
• Phone, fax and toll-free numbers
• E-mail addresses and Web sites
• Notation of service to international clients
• Titles of seminars, workshops and other programs presented by the organization
• And much more

THREE COMPREHENSIVE INDEXES

Three indexes allow users to focus their hunt for advice by location, activity or organization with these helpful indexes:

• Geographic index — organizes firms by state or province
• Consulting activities index — provides access to consultants by more than 800 specialty headings
• Consulting firms index — lists all independent consultants and companies alphabetically by name
