The Premiere Genealogical Database

"I can't say enough about *AncestryPlus*. ...
Very highly recommended."

— *Library Journal* (November 2001)

FAMILY HISTORY RESEARCH IS ON THE RISE

The study of genealogy is one of the most popular research pastimes in the world. With this interest in searching, recording and sharing family heritage, the library is often the place where it all begins. And, with the fast-growing dependence on the Internet, genealogists, students, historians and librarians alike are in need of a dependable, accurate online source that accesses the most information and documentation in the shortest amount of time.

In addition to quick and easy access to answers for genealogical researchers, *AncestryPlus* promises these advantages for libraries:

- Most comprehensive online genealogy product available
- Clean interface with no advertising
- New databases added every business day
- Availability of usage statistic reports

- Reduced staff time spent with family-history researchers
- Save time with one convenient, online offering
