

County Directory, Carroll Publishing

Now online on *Gale Directory Library*

NOW AVAILABLE Gale is proud to announce the addition of Carroll Publishing's *County Directory* to the *Gale Directory Library*. For more than 30 years, Carroll Publishing's government directories have provided detailed and up-to-date information on U.S. government officials at all levels of government (federal, state, municipal and county). This trusted resource — available in eDirectory format for the first time — includes contact information for more than 57,000 key officials in more than 3,100 counties, boroughs and parishes nationwide.

Published twice per year, the *County Directory* is the only resource covering all U.S. county-level jurisdictions. Listings include population, county seat, main address, general fax number, county council members, chief elected officials and directors of major county departments.

Real-world users might include:

- Political activists can quickly generate mailing lists for county government departments
- Government researchers can identify officials in county government offices
- General researchers can easily gather contact information for their county council and elected county officials
- And many others

& Business Leads Service

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
