

Federal Regional Directory, Carroll Publishing

Now online on *Gale Directory Library*

NOW AVAILABLE Gale is proud to announce the addition of Carroll Publishing's *Federal Regional Directory* to the *Gale Directory Library*. For more than 30 years, Carroll Publishing's government directories have provided detailed and up-to-date information on U.S. government officials at all levels of government (federal, state, municipal and county). This trusted resource — available in eDirectory format for the first time — provides detailed listings for thousands of regional and field offices

of federal government departments, home-state offices for members of U.S. Congress, federal district courts and much more.

Published twice per year, the *Federal Regional Directory* includes full contact information for more than 32,000 non-Washington-based executives in cabinet departments, U.S. Congress, the courts and independent agencies. It also features geographical listings of major agency offices outside Washington, details of agencies' jurisdictions and special listings, such as federal regional depository libraries and federal information centers.

Real-world users might include:

- Political activists can quickly generate mailing lists for regional government departments
- Government researchers can identify officials in major agency offices outside of Washington
- Legal scholars can reach top officials in federal district courts
- General researchers can easily gather contact information for their congressional representatives' home-state offices
- And many others

ABOUT GALE DIRECTORY LIBRARY

**CODiE Award Finalist
for Best Online Directory
& Business Leads Service**

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
