

Federal Directory, Carroll Publishing

Now online on *Gale Directory Library*

NOW AVAILABLE Gale is proud to announce the addition of Carroll Publishing's *Federal Directory* to the *Gale Directory Library*. For more than 30 years, Carroll Publishing's government directories have provided detailed and up-to-date information on U.S. government officials at all levels of government (federal, state, municipal and county). This trusted resource — available in eDirectory format for the first time — provides contact information for members

of all three branches of the U.S. government in a single resource.

Published quarterly, the *Federal Directory* includes full contact details — including name, title, telephone, fax and e-mail address — for nearly 38,000 senior and mid-level government officials. Detailed coverage includes the executive office of the President; all 15 cabinet level federal departments from Agriculture to Veterans Affairs; independent agencies from the Access Board to the United States Trade and Development Agency; extensive listings for the U.S. Congress including individual member offices, committee assignments, staff, e-mail and office addresses; and in-depth information on the federal court system, including the U.S. Supreme Court, the U.S. Circuit Court of Appeals, district courts and bankruptcy and tax courts.

Real-world users might include:

- Political activists can quickly generate mailing lists for specific congressional districts
- Government researchers can identify officials in cabinet-level departments
- Legal scholars can reach top officials in the federal court system
- General researchers can easily gather contact information for their congressional representatives
- And many others

ABOUT GALE DIRECTORY LIBRARY

**CODiE Award Finalist
for Best Online Directory
& Business Leads Service**

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
