Free Teacher's Guide and Student Activities & Assessment Masters with your purchase of *High-Interest Science 1*

"WILDLY" POPULAR TV SHOWS  
COME TO YOUR SCHOOL WITH ...

## *High-Interest Science 1*

Thomson Gale™ joins forces with Discovery Communications to offer 39 fact-packed nonfiction TV tie-ins that capture the excitement of shows from Animal Planet and The Learning Channel.

From the earth science adventures presented by Animal Planet's Jeff Corwin, to the high-tech appeal of *Super Structures*, to the life science lessons from *Body Story*, these titles address high-interest topics in a way that grabs attention.

Clearly written and generously illustrated, they're ideal for both assignments and free-time reading in the content areas of science.

Choose this rich curriculum resource to further extend and enhance your science instruction. And with a comprehensive teacher's guide and student activities & assessment masters, this set can be put to practical classroom use right away!

Access our full product catalog at [www.galeschools.com](http://www.galeschools.com) to explore these titles in detail. Then, contact your Thomson Gale Curriculum Representative for more information on ordering *High-Interest Science 1*.
