ABOUT GALE DIRECTORY LIBRARY

With *Gale Directory Library*, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make *Gale Directory Library* the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of *Gale Directory Library*:

- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
