Major Chemical and
Petrochemical Companies
of the World 2009

Published by Graham & Whiteside Ltd., the *Major Companies* directories provide detailed information on the leading businesses worldwide. *Major Chemical and Petrochemical Companies of the World* covers thousands of major international companies active in general chemicals, petrochemicals, industrial gases, agricultural chemicals, specialty chemicals, fertilizers and oil refining.

Each annual edition of *Major Chemical and Petrochemical Companies of the World* profiles more than 8,500 businesses. Multiple editions are available by standing order, ensuring access

to the most up-to-date information as well as historical data. Entries typically include: full company name; address, phone and fax numbers; e-mail and Web addresses (when available); names of management and board members; description of the company's activities; parents, subsidiaries and agents; brands and trademarks; number of employees; financial information for the previous two years; principal shareholders; and more. Also included are the contact names of more than 44,000 senior executives.

Real-world users might include:

- Business analysts can quickly locate detailed information on companies working in chemicals and petrochemicals, focused on specific geographic locations around the world
- Job seekers can cross-search with other *Major Companies* directories to easily create contact and mailing lists to explore international opportunities
- Business professionals can quickly access up-to-date data for competing or complementary companies, including detailed financial information
- And many others
