- Ready December 2003
- ISBN 0-02-865693-8
- Order #MML00203-175580
- \$425.00/4-vol. set

Clear and concise coverage of major historical events as well as complex and little-known subjects

Russia is the largest country in the world, with just over half the population of the United States. It borders fifteen countries, and stretches from Alaska to the Middle East to Asia. From Europe's highest peak, Mount Elbrus, to the vast forests of Siberia, to the volcanic coastline of the Kamchatka Peninsula, to the Kremlin in Moscow, the *Encyclopedia of Russian History* explores and explains subjects as wide-ranging as the Russian landscape itself.

The end of the Cold War has brought Russia ever closer to the Western World, and this important reference work will help students and researchers better understand this complex and alluring nation and its people. Articles in the set go beyond current Russia to explore the former Soviet republics as well — their political systems, economies, languages, customs and cultures, as well as their relationship to Russia.

The *Encyclopedia of Russian History* examines this great country's wealth of history in an accessible and comprehensive way. The *Encyclopedia* presents 1,550 original and authoritative articles signed by academic specialists from around the world. Topics include: biographies, social customs and cultures, peoples, politics, economics, art and literature, geography, military, religion, science and more.

This multidisciplinary work covers all aspects of Russian history from the era of the tsars through the rise and fall of the Soviet Union to today. Each article features a bibliography and cross-references pointing readers to topics of related interest.

Cover: The Hermitage; Inside Left to Right: Prince Gregory Potemkin, Tsar Nicholas II (also appears on Back Cover), Russian architecture, Vladimir Ilich Lenin, St. Basil's (also appears on flap), Catherine II (Catherine the Great), MIR Space Station

## Comprehensive Coverage

Authoritative biographies include writers (Boris Pasternak, Alexander Pushkin, Leo Tolstoy), economists (Nikolai Kondratiev, Vladimir Bazarov, Yevgeny Slutsky); artists (Peter Carl Faberge, Ilya Repin, Vassily Kandinsky) and politicians from recent times (Vladimir Putin, Mikhail Gorbachev, Vladimir Zhirinovskiy) to rulers of old (Ivan the Terrible, Catherine the Great, Peter the Great).

Economics are thoroughly examined in articles including: Capitalism in Russia, Crony Capitalism, State Capitalism, Foreign Trade, Foreign Debt, International Monetary Fund, Soviet Monetary System, Taxes and more.

The *Encyclopedia* also provides in-depth coverage of major battles and wars throughout Russian history, including: Crimean War; the invasion of Czechoslovakia; the French War of 1812; the Battle of Leipzig; the Siege of Leningrad; the Russo-Japanese War; the Russo-Persian Wars; the Russo-Turkish Wars; Relations with Afghanistan; World War I; and World War II.

### Features:

- 1,550 articles in A-to-Z format written by experts in the field
- Cross-references point users to related articles
- 500 black-and-white photos, maps and illustrations
- 8-page color inserts in each volume
- Post-Cold War scholarship presents the latest perspectives
- Comprehensive index

- I would like to establish an account with Gale. Please send me a credit application.

Sales tax is applicable in Canada and all but the following states: AK, DE, MT, NH and OR. Prices do not include GST or local taxes. Prices are subject to change without notice. Special offers may not be combined with any other discount. GSA Contract #GS-14F-6092A.

## For students, academics and general library users:

Accessible to the non-historian, this title is ideal for high school, college, and public libraries.

- Advanced students and scholars seeking clear and concise coverage of major historical events as well as complex and little-known subjects
- High school students taking required courses in world history, multi-cultural studies, current affairs, civics, as well as American and European history as they're impacted by Russian influence
- College students and teachers looking for authoritative information on foreign relations, political science, religion, sociology, economics, art history, military history and more

### About the Editor in Chief

Jim Millar is the Director of the Institute for European, Russian and Eurasian Studies and a professor of Economics and International Affairs at The George Washington University in Washington, DC.
