

# Gale Virtual Reference Library

Electronic Reference Books — 24/7 unlimited access, no special readers or equipment needed

## WE PUT THE 'EASE' IN EBOOKS

With electronic reference books from Gale and our publishing partners, researchers can access more than 5,000 (and growing) eBooks in virtually any subject, including health, business, careers, history, literature, biography, science and many more.

The *Gale Virtual Reference Library* provides features and functionality that no other provider does, including:

- 24/7 multi-user access from any Internet-connected computer
- Faster, more comprehensive cross-searchable results
- Sub-collection Manager to customize your eBook collection
- Access to Re:sources – our free monthly e-newsletter
- Free marketing resources – widgets, posters, bookmarks, “e” stickers and more

## ALWAYS OPEN, ALWAYS AVAILABLE

*Gale Virtual Reference Library's* unprecedented searchability empowers users to search a single eBook or your whole collection. Online searchability makes often-requested titles available to multiple users – and not just during business hours. Your library users can link to reference content through your OPAC or directly from the Table of Contents or Index page of a specific title.

You're offering unlimited circulation of your reference collection with no checkout requirements and no turnaways. And cross-title searches mean faster, more comprehensive results.

## PATRONS AND STUDENTS WILL LOVE THESE FEATURES:

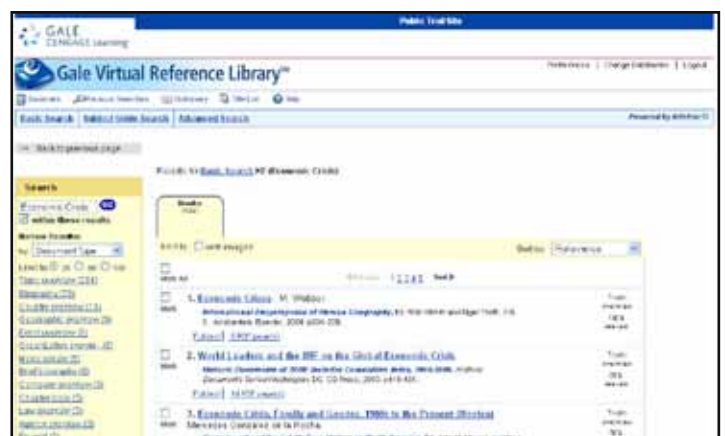

- The ability to navigate a list of subjects and titles from the homepage
- Viewing titles without performing a search
- Citation export (EndNote, ProCite, Reference Manager)
- Citation generator (APA, MLA, tagged format)
- Bookmark generator – return to virtually any spot in the research via a persistent URL
- Download toolbox provides ability to print, e-mail and download, plus:
  - ◆ On-demand content translation into more than 11 languages
  - ◆ On-demand interface translation into English, Spanish, French and Portuguese
- ReadSpeaker technology (text-to-speech) allows text to be read aloud to users and downloaded in MP3 format

*“That our smallest branch 35 miles away can get to such resources fits our mission.”*

— Jo Griffith, Richland County Public Library

▲ Users can access ebooks using the Basic Search box or searching for titles by subject

▲ From the results screen, users can place individual records in a folder, search within results, access individual records and more

## SO MUCH CONTENT – PUBLISHING PARTNERS

If a publisher is known by the company it keeps, then Gale’s reputation is unquestionably solid.

Our publishing partners program allows us to offer a range of authoritative references by third-party publishers carefully selected based on their ability to deliver the high-quality, accurate and timely information you’ve come to expect from Gale. In addition to titles from our own imprints, Gale Virtual Reference Library offers titles from more than 60 partners including:

- ABC-CLIO
- Cambridge University Press
- DK (formerly Dorling Kindersley)
- Facts on File
- Greenwood Press
- Kogan Page
- Oxford University Press
- SAGE Publications
- And many others available at [www.gale.com/gvrl](http://www.gale.com/gvrl)

## SEARCHING MADE SIMPLE

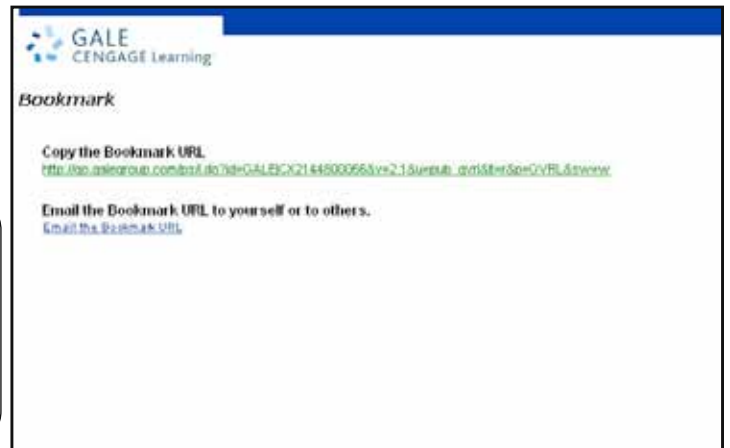

Gale Virtual Reference Library’s basic search functionality is simple to use – researchers find terms through a keyword search, by document title or by searching an entire document. For research that requires a more advanced approach, Gale Virtual Reference Library supports searches that combine criteria by:

- Title
- Keyword
- Image captions
- Publisher
- Author
- Full text
- Publication date
- ISBN
- Starting page

Need to further refine your search? You can limit results of your search by source or by publication date; select from a subject list of all disciplines in your collection; or focus on reference directed at children’s or general audience reading levels. With cross-title searching, you may browse a list of all titles sources in your collection and select up to 10 to add to your search query. Results are delivered at the article level (not a page at a time) in an HTML-based text and graphics format that’s designed for speedy display and easy readability. With single-click ease, articles can be printed, e-mailed or displayed as PDF page layouts.

▲ The document tool box allows students and patrons to easily print, download, cite and translate records

▲ The bookmark feature creates a persistent URL that students and patrons can copy and paste, email, or return to at any given time
