Baker's Biographical Dictionary of Musicians[®] Centennial Edition

The premiere music reference is bigger than ever

For the first time in its 100-year history, *Baker's Biographical Dictionary of Musicians*[®] has been expanded to a multi-volume format. Now, *Baker's* has more coverage of jazz, pop, folk, rock and other musical genres — more than 5,000 brand new articles — along with the thousands of classic articles from the original set. In six volumes, more than 15,000 biographies span the medieval ages to the present.

Reviewers applaud the new edition of *Baker's*

"Although longtime Baker's editor Nicolas Slonimsky died in 1995, his easily recognizable, sometimes tongue-in-cheek style pervades this ninth, or "centennial" edition of his famed dictionary. Since the last edition in 1992, this most important reference source has been greatly broadened and is especially valuable for its biographical sketches of 20th-century jazz and popular musicians, written and edited by leading authors in the fields. In addition, series advisory editor Laura Kuhn has overseen the expansion of the articles on classical musicians. One of the best features of the new Baker's is its expansion from a huge, single-volume work into six volumes. ... This Centennial Edition should prove to be a most valuable reference tool both in music and public libraries."

— Library Journal, March 1, 2001 (Starred Review)

"The decision to move beyond the traditional classical focus of Baker's represents a significant revision of the purpose, and thus the content, of the work. ... The biographies ... are well-written and touch on the most noteworthy personal events, professional highlights and critical reception. ... Baker's includes many names not easily found elsewhere ... [and] information not found in other sources. ... Larger public and academic libraries that own earlier editions will definitely want to acquire this Centennial Edition."

— Booklist, June 1 & 15, 2001 (Starred Review)

Musicians pictured on front are left to right: Luciano Pavarotti, Aretha Franklin, Wynton Marsalis, Ludwig Van Beethoven

- 1st Ed. 4,220 pp. in 6 vols. 2001
- In print
- Nicolas Slonimsky, Editor Emeritus
- ISBN 0-02-865525-7
- Order #MML05401-171684

Features:
