

# The Bill of Rights

Series from Greenhaven Press®

The Bill of Rights protects the most cherished American liberties. Freedom of speech, freedom of religion, the right to bear arms, the right to a jury trial — these are but a few of the freedoms codified in the first 10 amendments to the U.S. Constitution. And although it was written into law more than 200 years ago, the Bill of Rights is not a static document. Its clauses have been subject to close scrutiny, interpretation and reinterpretation time and time again. Its words have been featured in heated debates over some of the most divisive issues facing the nation, including the role of religion in schools, the line between obscenity and art and the fairness of the death penalty. *The Bill of Rights* series from Greenhaven Press® highlights the living and breathing nature of this important founding document. Each anthology focuses on one civil right guaranteed by the amendments and traces its evolution throughout American history to the present. Primary documents — including landmark Supreme Court rulings — reveal the ongoing effort to define the exact meaning of the text and apply its abstract concepts to real-world cases. Secondary sources, including magazine articles and book excerpts, add an additional layer of analysis and commentary. Taken together, the volumes of *The Bill of Rights* series illuminate the defining ideals of American democracy. Features include:

- In-depth introductions
- Comprehensive indexes
- Annotated tables of contents
- Bibliographies
- Annotated lists of relevant Supreme Court cases

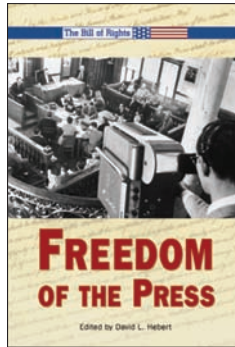

# The Bill of Rights

- Grades 10-12+
- Book size 6" x 9"
