**NEW!**

## The Columbia Encyclopedia

**The most comprehensive single-volume encyclopedia available**

**T**he *Columbia Encyclopedia* is unmatched in its scope and reputation for accuracy and authority. Now the newest edition of this cultural landmark, first published in 1935, is available from the Gale Group, fully updated and revised by a team of specialists under the guidance of Columbia University Press.

### Answer almost any question imaginable

This important reference delivers authoritative factual information that goes beyond "just the facts" to offer enlightenment and knowledge. Prepared under the direction of six distinguished consultants who are leaders in their respective fields working with more than a hundred specialist advisers and a professional editorial team, *The Columbia Encyclopedia* offers more information in one volume than most multivolume encyclopedias. The new sixth edition includes:

- More than 50,000 total entries
- More than 65,000 cross-references leading directly to discussions of related topics in other entries
- More than 40,000 bibliographical citations suggesting further reading
- And so much more

### Quick and easy answers to everyday questions

All entries included in *The Columbia Encyclopedia* are arranged alphabetically with each article heading listed in boldface type. Headings of biographical articles are inverted and alphabetized by the subject's surname, with the exception of articles on some historical figures such as Joan of Arc. An additional aid to the reader is the bibliography that appears at the end of many articles. These books have been selected to encourage readers to expand their knowledge on a subject that cannot be treated at great length in a short-entry encyclopedia and in most cases, cannot be treated comprehensively in any encyclopedia.

6TH ED. ABOUT 3,200 PP. READY JUNE 2000.

PUBLISHED BY COLUMBIA UNIVERSITY PRESS. DISTRIBUTED EXCLUSIVELY BY THE GALE GROUP TO ALL MARKETS WORLDWIDE EXCEPT NORTH AMERICAN BOOK CLUBS.

ISBN 0-7876-5015-3.

## The Harris Manufacturers Directory, 2000: National Edition

**T**his resource provides key descriptive and statistical information about companies in the U.S. manufacturing industry with 100 or more employees. For easy reference, company listings can be located by name, geographic location, S.I.C. codes and product/service. Company entries include: addresses, corporate personnel, business phone and fax, estimated annual sales, business type, product category, employment figures and more. Among the 46,000 companies covered are:

- Manufacturers
- Industrial testing laboratories
- Importers
- Research and development facilities
- Machine shops
- Packaging and fulfillment
- Printers
- Fabricators
- And many others

### The "Who's Who" in manufacturing

*The Harris Manufacturers Directory, 2000* is dedicated to offering the highest quality information found anywhere on the U.S. manufacturing industry. That single-minded focus provides researchers with a valuable business edge. For 25 years, this *Directory* has been regarded as an essential marketing tool by business, government and libraries.
