ComputerSelect

The smart way to smarter computer products

ComputerSelect is the intelligent way to find the best computer products fast. When you subscribe to ComputerSelect service, you immediately gain access to a collection of articles from trade and business publications, product specifications sheets and company profiles that provide the most comprehensive, current, authoritative information about virtually every aspect of the computer industry.

The complete computer information source

ComputerSelect is so fast because it's so complete. All the information you need about today's computer products and companies is right at your desktop, whenever you need it. Whenever you're ready to search, ComputerSelect gives you instant access to:

- 7,800 product reviews
- 22,000 hardware product specifications
- 43,000 software product specifications
- 11,000 company profiles
- 70,000+ articles from more than 100 leading publications
- Complete glossary of computer terms

Go ahead and compare products head-to-head, check the specifications on new software and get expert reviews on companies and markets. You'll be amazed how easy it is. You'll be glad you selected ComputerSelect.

The right information, right away

Finding the needle in the haystack is now possible. Searching through the endless supply of computer product information to find what you're looking for is now quick and easy. ComputerSelect gives you powerful, yet simple-to-use, search tools to find exactly what you're looking for — fast! Search by company name, product name, publication date, hardware or software applications, even words or phrases that appear anywhere in the text. Target your search the way you want and watch ComputerSelect do the rest and hit your bull's-eye swiftly and accurately.

Current and reliable

You can always count on ComputerSelect for the most up-to-date information. We provide the latest industry and company information with a full-time staff that is constantly checking, verifying and updating the accuracy of the content.

Time is money

ComputerSelect is a priceless tool for success. Make the best product decisions with the single information source that allows you to:

- Cross-compare product features and prices
