Civil Rights in the United States

Reliable, historical accounts

This comprehensive, detailed reference covers a topic that is prevalent in much of U.S. history. *Civil Rights in the United States* examines the efforts in our diverse nation to secure civil rights for all people. The new 2-vol. work handles its monumental task with fair, objective accounts of historical events and actions taken to secure equal rights for all people, including Chicanos; children; gays and lesbians; Native Americans; seniors; workers; and many others.

Cases and people that made history

Civil Rights in the United States is the one-stop resource for students and other researchers preparing written reports, special projects or oral presentations. It is informative, accessible and reader friendly. Its wide-ranging, objective entries are indispensable to users with an interest in gaining a deeper understanding of government; civil rights; race, gender and labor issues; activism; and other related topics represented in today's news media.

The two volumes present the people, events and times that have shaped and continue to impact everything from civil rights legislation to culture. Covering the period from 1865 to the present, the set features historical and state surveys, biographies and more than 700 entries on organizations; political and social movements; legislation; government programs; court cases; overall concepts; cultural and educational institutions; film and literature.

NEW!

Violence in America

This important 3-vol. set unravels societal issues so that readers can examine and study various forms of violence in America from many different perspectives. In 600 A-to-Z articles, illustrated with approximately 300 photos, charts and maps, *Violence in America* offers engaging, lively writing about a topic of major concern for many Americans.

In addition to biographical profiles of more than 100 Americans associated with the subject matter, *Violence in America* features:

- Addresses criminal justice issues such as legal definitions of crimes, the prison system, policing and capital punishment
- Articles on biological factors of violence, including prenatal factors, genetics, body types and hormones
- Examines violence in the arts and literature, including photography, comic books, pulp fiction, the Internet, rap music and cartoons
- Surveys 100 historical incidents of violence, including the Alamo, the Oklahoma City bombing, the Kennedy and King assassinations, Harpers Ferry, antiwar protests and slave revolts
- Biographies of 100 Americans associated with violence, such as Billy the Kid, John Dillinger, Charles Manson and John Wilkes Booth
- Includes a map showing county-by-county homicide rates in the United States, and an appendix listing organizations and periodicals addressing violence
- And much more
