

Accelerated Reader®

The Accelerated Reader® program has been proven

to improve children's reading and critical thinking skills. This program is useful in motivating and encouraging readers and assisting teachers in accurately evaluating and elevating students' reading levels through multiple-choice testing on the books they have read. The tests provide instant feedback to both teacher and student.

Schools and libraries must have the Accelerated Reader® start-up disk to run the program. Disks can be purchased from Renaissance Learning™ at **800-338-4204**.

Renaissance Learning Incorporated has made a major change in how they are supplying quizzes to accompany Accelerated Reader® book sets—they **no longer are supplying disks!**

FREE

Reading Counts!®

Scholastic Reading Counts!® provides reading motivation and a management program that helps to encourage and monitor independent reading. It allows students to select the books they want to read, read at their own pace, and take short quizzes on the computer to verify their comprehension. For educators and librarians, Scholastic Reading Counts!® provides a system to match books to readers, monitor and motivate student progress, and respond to the readers' needs.

Scholastic Reading Counts!® offers the following benefits:

- Simplifies teaching
- Reading report card
- Motivates readers
- Goals report
- Provides flexibility
- Parent letter
- Auto alerts
- Reading progress update report
